## **DATE WILL DEEMED ABANDONED AND SCRAPPED FROM SITE**

**So that the Seller's laboratories can be closed quickly the majority of the Assets have been moved into storage premises at the address noted above, for the convenience of sale and ease of collection.**

**Certain specialist items were too difficult to move and therefore these will be sold from the Seller's sites at Birmingham, Huntingdon and London**

Cash will be taken at the storage site only during the entire collection period.

For removal of the specialist items sold from the Seller's site these must be removed from the Seller's site by Friday 16th March 2012 without fail and will be subject to individual loading conditions (see note in lot description).

Removal will be at the Purchasers cost and risk and his contractors will be subject to and must comply with the Seller's health and safety policy when working on their site/s.

Method statements and risk assessments will be required and must be approved before work can commence.

Where the proposed removal work brings a risk of damage to the real estate or other assets the seller reserves the right to impose a performance bond which will be repaid upon safe completion of the works.

Decontamination

The Seller shall be responsible for the disconnection of the Assets at source from all mains services and shall use reasonable endeavours to ensure that all process plant and any other relevant equipment has been made safe, purged and drained of any and all toxic or potentially hazardous substances and that all such substances have been removed from the Assets" prior to collection or unless the Seller informs Troostwijk or the Purchaser that this has not been done.

Software Licenses

Where equipment operating software is subject to a manufacturers operating license, Purchasers must obtain such a license. By the act of taking part in this auction Purchasers hereby agree that they will obtain such licenses from the equipment manufacturers before operating the equipment.

Life Technologies (Applied Biosystems) Equipment

In respect of the Applied Biosystems 3100 & 3130 DNA sequencers, and 9500 & 9700 thermo cyclers, the FSS have an arrangement with Life Technologies whereby on sale of such equipment to a third party, ownership of the equipment will transfer to Life Technologies once the operational use of the equipment has ceased. FSS therefore requires that as a condition of sale, the buyer must also undertake to return the equipment to Life Technologies once its operational life is over. If the buyer chooses to resell the equipment to a third party, the buyer shall ensure that the obligation to return the equipment to Life Technologies at the end of its operational life is passed on to the third party. In respect of the latter transaction, neither the FSS nor its successors shall have any liability to any party, nor shall it indemnify any party in respect of any claim relating to the latter transaction.

Data Protection

In order to preserve confidentiality of data concerning past and current court cases, the hard drives from the control computers have been removed.

The Seller will usually have removed all information from an Asset prior to sale. If the Assets have any data or software stored on them whether physically or electronically, the Purchaser shall keep such data or software secret and confidential and not make use of that data or software or disclose it to any third party. If the Purchaser comes across such data or software, please contact the Seller to ask whether the Seller would like it deleted. If requested by the Seller, the Purchaser will allow the Seller access and/or temporary possession of the Assets in order to delete such data or software.

## General Terms and Conditions of Sale

1. The Seller does not give any warranty as to whether the Assets are of satisfactory quality or fit for the purposes the Purchaser has in mind for them, and it is entirely the Purchaser's responsibility, not the Sellers, to check the Assets are safe and working.
2. The Purchaser will buy the Assets on the basis that they are second-hand, they have been previously used and will not be in a condition as new. The Purchaser accept the Assets as seen.
3. Save with regard to death or personal injury claims arising from the Seller's negligence, the Seller cannot accept any liability for any use the Purchaser puts the Assets to, or for any liability which it or the Purchaser cause to the Purchaser or third parties in relation to the Assets
4. Subject to paragraph 3 above, the Seller's total aggregate liability arising out of or in connection with the Purchase Agreement or this Contract whether for negligence or breach of contract or any case whatsoever shall in no event exceed the Purchase Sum.
5. This Contract sets out the entire agreement between the parties relating to its subject matter and overrides any prior correspondence or representations.
6. All warranties and conditions not set out in this Contract whether implied by statute or otherwise are excluded to the extent permitted by law. The Purchaser will have no claim against the Seller for a misrepresentation unless that misrepresentation was made fraudulently.
7. The Purchaser will have no claim against the Seller for a misrepresentation (unless that misrepresentation was made fraudulently) or any warranty other than those in this Contract.
8. If any provision of this Contract is ruled to be invalid for any reason, that invalidity will not affect the rest of this Contract which will remain valid and enforceable in all respects.
9. The Purchaser will be deemed to have accepted the Lots as being in accordance with this Contract on Allocation and shall not be entitled to reject the Lots once Allocation has taken place.
10. Risk in the Assets shall pass to the Purchaser from the Seller from Allocation.

## Following Lots Combinations

After registration and log in, lots can be "followed" via "My Troostwijk". All lots in a combination will be sold individually first. After the last lot is sold, the total of the bids is raised by 10%. This is the starting bid for the combination. If the combination is sold it overrules the individual bids, if not the individual bids are confirmed.

## Prolongation

If a bid is made in the last 5 mins before the lot closes then the closing time will be extended by 5 mins. With each subsequent bid the closing time will be extended by 5 mins until no further bids are made.

These Terms and the documents referred to in them apply to all Auctions facilitated by Troostwijk Auctions Limited on the Website and supersede all other terms and conditions relating to the subject matter of these Terms.

### Article 3. The Auction and Use of the Website

- 3.1 Troostwijk acts as auctioneer at all Auctions and sells the Lots as agent on behalf of the Seller. The Purchase Agreement is entered into between the Purchaser and the Seller.
- 3.2 Troostwijk reserves the right to cancel an Auction, to terminate an Auction earlier than reported on the Website or to extend an Auction. In case of a technical malfunction of the Website, causing it to be not completely accessible and/or inaccessible to Users, Troostwijk has the right to extend the Auction by 24 hours.
- 3.3 The User states by his Registration that he is familiar with and agrees with the special circumstances of an internet auction and with the technical imperfections that can arise. Troostwijk denies any liability for whatever damage that may arise in any way, directly or indirectly, including but not limited to the damage arising from the User's use of the Website, unless there has been deliberate or conscious negligence by Troostwijk. More particularly, Troostwijk accepts no liability for any damage whatsoever that arises in any way by or from:

- (i) actions performed by the User that may have been inspired by the information placed on the Website;
- (ii) the impossibility of using the Website (completely) and/or another malfunction in the Website or the supporting system;
- (iii) the Lots not meeting the specifications as reported on the Website;
- (iv) the fact that the information on the Website is incorrect, incomplete or out of date;
- (v) errors in the software of the Website and/or the supporting system;
- (vi) the unlawful use of systems, including the Website, by a third party;
- (vii) actions by the Seller after the User has concluded a Purchase Agreement with the Seller.

#### **Article 4. Organization of the Auction**

- 4.1 The organization, preparation and carrying out of the Auction is to be done by Troostwijk.
- 4.2 Without having to give any reason, Troostwijk has the authority before or during the Auction:
- (i) not to recognize a Bid as such;
  - (ii) to exclude one or several Users from the Auction;
  - (iii) to collect objects into Lots, to split Lots or to remove Lots from the auction;
  - (iv) to repair mistakes made by Troostwijk in offers and/or allocations, without the User being able to make use of these errors and/or derive any rights from them;
  - (v) to take other measures that are, in its judgment, necessary.
- 4.3 Troostwijk has the authority to set as a condition for participation in certain Auctions and/or bids on certain Lots that a User provides a bank guarantee or other form of security (such as a performance bond) beforehand to the satisfaction of Troostwijk.
- 4.4 The judgment of Troostwijk concerning that which has occurred during the Auction is binding.

#### **Article 5. Bids; Purchase Agreement**

- 5.1 The User can place a Bid on the Website on one or several Lots. Every bid is unconditional, irrevocable and without reservation. Troostwijk and/or the Seller are entitled to reject bids without giving any reason. Bids are placed exclusive of Mark-Up and V.A.T, which shall be added to the Hammer Price and payable by the Purchaser as part of the Purchase Sum. Troostwijk is authorized to place bids on behalf of third parties.
- 5.2 If a Lot is also brought to auction together with one or several other Lots as a combination, this will be reported on the individual page of the Lot. In that case, bids can be placed first on the individual Lots of the combination and after the closing of all individual Lots, bids can be placed on the combined Lot. Individual Lots can be Allocated only if the total amount of the highest sustainable bids on the individual lots is higher than the highest sustainable bid on the combination. The combination will be Allocated solely if the highest sustainable bid on the combination is higher than the total amount of the highest sustainable bids on the individual Lots.
- 5.3 Bids can be placed in the form of a 'static bid' or 'proxy bid.' In a static bid, the User places a bid in the form of a fixed amount per Lot. In a proxy bid the User indicates the maximum price he is prepared to pay for the Lot. The auction system sees to it that, after outbidding by a third party, the minimally possible higher bid is introduced in the name of the User, as long as the maximum indicated by the User has not been reached. A proxy bid can be eliminated by the User solely by placing a static bid that at that moment is the highest bid.
- 5.4 The Purchase Agreement arises through Allocation. Allocation is generally given to the User who has made the highest Bid. By applying article 5.1, through conditions for Allocation as included in the Specific Terms and Conditions of the Online Auction or for other reasons at the discretion of Troostwijk, a Lot can be Allocated to a different User who has placed the highest sustainable Bid.
- 5.5 The User receives confirmation within 6 days after the Auction has closed (not including Saturdays, Sundays and holidays) by e-mail on behalf of the Seller(s) that the Purchase Agreement has been made. If the User does not receive any e-mail within the period mentioned above, this means that his Bid has not been accepted. Troostwijk has the right to provisionally allocate a lot to the Users, subject to the Seller(s) approval, and in this event the Purchase Agreement will only come into existence once Troostwijk has confirmed Allocation.
- 5.6 The risk of the Lot(s) is transferred to the Purchaser at the moment of Allocation. The legal and beneficial title in and to such Lot(s) shall remain with Troostwijk until the Purchaser has paid for the Lot(s) (together with any Mark-up and V.A.T) in full and in cleared funds.
- 5.7 Without prejudice to article 3.1 and for the avoidance of doubt Troostwijk is not a party to the Purchase Agreement but merely mediates in the creation of Purchase Agreements.

#### **Article 6. Guarantees, Claims and Indemnity**

- 6.1 LOTS ARE SOLD ENTIRELY "AS IS" WITH ALL BENEFITS AND BURDENS ATTACHED THERETO. TROOSTWIJK DOES NOT MAKE ANY REPRESENTATION OR WARRANTY, EXPRESS OR IMPLIED, AS TO THE MERCHANTABILITY, FITNESS FOR PURPOSE OR CONDITION OF THE LOTS, OR AS TO THE CORRECTNESS OF DESCRIPTION OF SUCH LOTS. - 6.3 Any defects of whatever kind or disappointed expectations of the Purchaser and/or the receiving third parties do not bestow any rights at all to a claim for damages against and/or a discount from Troostwijk or the Seller. The Purchaser is assumed to have carefully investigated the Lot (s) bought by him beforehand.
- 6.4 WHERE ANY REGULATIONS TO THE CONSUMER PROTECTION ACT 1987 APPLIES TO ANY LOTS, SUCH LOTS IS SOLD ON THE UNDERSTANDING THAT TROOSTWIJK DOES NOT WARRANT OR REPRESENT THAT SUCH LOTS IS IN A CONDITION THAT MAKES IT SUITABLE FOR DOMESTIC USE. IN THE EVENT OF THE PURCHASER INTENDING TO USE SUCH LOTS IN A DOMESTIC ENVIRONMENT, THE PURCHASER SHOULD ENSURE THAT SUCH LOTS COMPLY WITH THE REQUIREMENTS OF THE RELEVANT REGULATIONS, AS AMENDED FROM TIME TO TIME.
- 6.5 IT IS THE PURCHASER'S RESPONSIBILITY TO ENSURE THAT ANY LOTS CLASSIFIED AS A 'MOTOR VEHICLE' IN TERMS OF SECTION 185 OF THE ROAD TRAFFIC ACT 1988 COMPLIES WITH THE PROVISIONS OF SUCH ACT.
- 6.6 If, in respect of the Lots, claims by third parties are made on the basis of the retention of ownership, the Purchaser is obligated to hold the Lot (s) in question for those third parties, under the obligation to transfer it to the third parties at the first request or to come to a suitable arrangement with the third parties.
- 6.7 The Purchaser indemnifies Troostwijk and/or the Seller against every claim by a third party in connection with the Purchase Agreement.

#### **Article 7. The Purchaser's Payment Obligations**

Payment should be made in euros or in another currency to be indicated by Troostwijk.
- 7.2 Time for payment of the Purchase Sum shall be of the essence and any Lot(s) in respect of which full payment (in cleared funds) has not been received by Troostwijk within the timeframe set out in article 7.1 the relevant Auction shall be forfeited and the Purchaser shall be liable for the administrative costs and the shortfall in the resale price and/or disposal costs of Troostwijk for arranging for the resale and/or scrapping of such Lot(s).
- 7.3 The Purchaser shall make all payments due under these Terms in full without any deduction whether by way of set-off, counterclaim, discount, abatement or otherwise.
- 7.4 If the Purchaser fails to pay Troostwijk any sum due pursuant to the Purchaser purchasing any Lot(s) at an Auction, including without limitation the Purchase Sum, by the due date the Purchaser shall be liable to pay interest to Troostwijk on such sum from the due date for payment at the annual rate of 4% above the base lending rate from time to time of Natwest Bank plc, accruing on a daily basis until payment is made, whether before or after any judgment.
- 7.5 Payments are intended first to decrease the costs, then the interest charges, then finally the Purchase Sum.

#### **Article 8. Viewing days, Auction days, Delivery days**

- 8.1 Whoever enters the buildings and grounds on viewing days or on the day of delivery does so entirely at his own risk.
